

# Portfolio of M. Sean Burch

## SHORT PITCH:

*Aspiring to join the IT field, my portfolio bridges my academic experience from Blue Ridge Community and Technical College to Michigan State University, spotlighting my skills in network management, computer programming and cybersecurity.*

## LONG PITCH:

Aspiring to join the IT field, my portfolio serves as a comprehensive bridge between my academic experiences, starting from my foundational studies at Blue Ridge Community and Technical College to my pursuit of a Computer Science degree at Michigan State University. This digital showcase spotlights my growing skills in network management, computer programming and cybersecurity. Through a curated selection of hands-on projects and academic coursework, my portfolio aims to provide recruiters and hiring managers with a well-rounded view of my capabilities and ambitions. As I prepare for graduation, this platform serves as a launching pad for my upcoming transition into the professional IT landscape.
